

Teachers,

I know that you have been having problems viewing the morning announcements. Because of buffering issues, I've had to create a folder on my shared drive named "Morning Announcements." So....here's what you have to do in-order to view the announcements:

DO THIS:

1. Go to my **shared drive: Christie James**
2. Click on the **folder: Morning Announcements**
3. Click on **(the day's video)**
